

The BEST Iced Coffee

INGREDIENTS

- 1-2 TBS honey
- Hot coffee or espresso
- Milk or half and half of choice
- Lots of ice

DIRECTIONS

1. Pour honey into the bottom of a coffee mug
2. Brew coffee - I use my nespresso. This will let the honey melt into the coffee. Stir well or use a frother
3. Fill cup with lots of ice. Pour coffee over ice and finish off with milk/half and half
